

# Multiple Water Dispensing Machine Registration

## Application (FI-153) Instructions

The **OWNER** of a water-dispensing machine is required to register each machine before the water is offered for sale.

### **Box 1**

- A. Fill in the full name of the business and address where mail is received. This is where all correspondence will be directed.
- B. Please complete the ownership information requested.

### **Box 2**

- A. List the name of the business at the location where the water-dispensing machine is located. Please complete all the information requested to assure that your machines are accurately registered. If you have more machines to register please see the following:
  - **For those firms with multiple machines located throughout the state, please follow these directions.** List each location and then complete attachment FI-171a (4/04) if necessary. A list must be developed for all machines located in Michigan (the FI-171a (4/04), is this list). The list must include all of the following: The name of business at which the machine is located, the address where the machine is located, including city, state, zip and county. You must also specify the type of water the machine produces. If you have more than one machine producing the same type of water at a single location please document that also, in the count column of the table. You may reproduce attachment FI-171a as often as needed.
- B. The total fee owed is derived from the computation by adding both the application and the attachment (FI-171a). The total amount due is required with this application. *Please make check or money order payable to: **State of Michigan.***

## **Product/Machine Registration**

1. A registration fee of \$25 for each machine is required.
2. AMOUNT DUE—Sum the count of machines and multiply by \$25.00 per machine from the FI-153 form. Sum and transfer the total AMOUNT DUE from the attachment (FI-171a) to the Water Dispensing Machine Registration (FI-153) application. This is the total amount required to be submitted with the Water Dispensing Machine Registration application(s).
